SEBASTIAN FUSTEL
Quality Moulds & Products

for everything you need

mould 360 service

- STEEL & ALUMINUM
- EUROPEAN STANDARD MOULD PLATES
- MACHINED BOLSTERS FOR MOULDS & DIES
- PRECISION MACHINING
- 3D SHAPES MACHINING
- DEEP DRILLS
- MACHINING UNIT PARTS / SERIES

- INTEGRAL GESTION OF PROJECTS
- COLLABORATION AND EXTERNAL SUPPORT

- HOT RUNNER SYSTEMS
- SINGLE NOZZLESS
- HOT HALF
- TEMPERATURE / SEQUENTIAL CONTROL UNITS
- SOLENOID VALVES / PRESSURE BOOSTER

- ACCESSORIES & STANDARD COMPONENTS
- STANDARD TECHNICAL ELEMENTS
- COLLAPSIBLE CORES
- HYDRAULIC CYLINDERS
- TUNNEL GATE INSERTS
- THREADLESS COOLING ELEMENTS

- GRAPHITE, ELECTROLYTIC COPPER AND ALLOYS
- ELECTRODE MACHINING
- WIRE EDM
- EDM SPARE PARTS AND ACCESSORIES

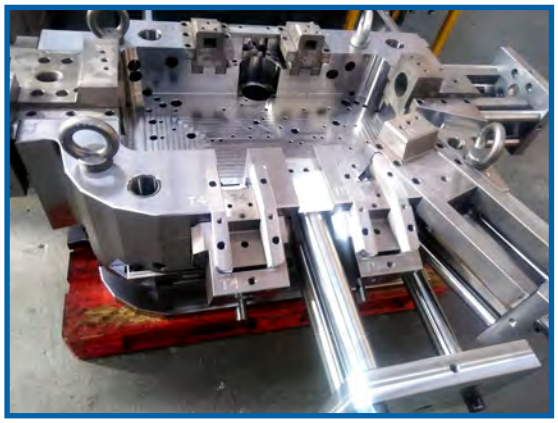
- MOULD AND INJECTION PROCESS PRODUCTS
- TECHNICAL GREASES, CLEAN & RELÉASE AGENTS
- ANTI-CORROSION & ASSEMBLING AGENTS

Quality and Service since 1965

SEBASTIAN FUSTEL
ESPAÑA Quality Moulds & Products

SEBASTIAN FUSTEL, S.L. (Ibi - Alicante)

- **SF-1:** SF Group headquarters
- Management and Administration Offices
- Technical Office and Programming
- Machining area and raw material warehouse 1,700 m²
- **SF-2:** machining area 1.200 m²
- iHR Hot Runner Systems technical-mechanical support centre
- **SF-3:** Logistics warehouse and stock of standard plates 2,500 m²
- **SF-4:** Technical-commercial delegation (La Garriga - Barcelona)
- **SF-5:** iHR Hot Runner Systems technical-mechanical assistance delegation (Barcelona)
- **SF-6:** iHR Hot Runner System technical-mechanical assistance delegation (Vigo)



- **Machinery Park SF-1 + SF-2:**
- Capacity: maximum weight plate in machine 10 Tn
- Saws: 4 units (vertical / horizontal)
- Horizontal milling machines: 6 units
- Vertical milling machines: 3 units (rotary table)
- Boring machines: 2 units (rotary table)
- Machining centers: 16 units (2 palletized, 1 5-axis)
- Drilling and tapping machines: 5 units (2 deep drills)
- Grinding machines: 6 units

SEBASTIAN FUSTEL
PORTUGAL Quality Moulds & Products

SEBASTIAN FUSTEL, LDA. (Moita - Marinha Grande)

- Grupo SF central raw material warehouse 1,600 m²
- Basic material machining area 1,600 m²
- **Machinery Park:**
- Capacity: maximum weight plate in machine 10 Tn
- Saws: 13 units (vertical / horizontal)
- Horizontal milling machines: 7 units
- Vertical milling machines: 5 units (rotary table)
- Boring mills: 3 units (rotary table)
- Drilling and tapping machines: 2 units
- Grinding machines: 1 unit

SEBASTIAN FUSTEL
MÉXICO Quality Moulds & Products

SEBASTIAN FUSTEL AMÉRICA, S.A.C.V. (León - Gto)

- Stock standard plates, raw materials and machining 1,000 m²
- **Machinery Park:**
- Capacity: maximum weight plate in machine 2 Tn
- Saws: 3 units (vertical / horizontal)
- Horizontal milling machines: 1 unit
- Vertical milling machines: 2 units
- Machining centers: 2 units
- Drilling and tapping machines: 1 unit
- Grinding machines: 1 unit
